

## REALISING YOUR PERFECT MEETING

It's easy to arrange meetings at the Sokos Hotel Presidentti. Everything needed is found under one roof: modern meeting facilities for groups of all sizes, comfortable hotel rooms, an atmospheric restaurant and, to crown it all, a popular nightclub for letting loose at the end of the day.

Thirteen different meeting rooms accommodating 10-100 people are at your disposal. For conferences, the Presidentti Auditorium seats 370 with built-in surfaces for note-taking (80 is the minimum number of people needed for booking). Next door to the auditorium, night club Pressa's facilities provide coffee-bar, entertainment and cocktail space.

As standard, all the meeting rooms are equipped with:

- A transparency projector
- A data projector and white screen
- Flip-chart
- Adjustable air conditioning
- ADSL and one wireless internet connection

As standard, the larger meeting rooms are equipped with the following in addition to the above:

- Laptop PC
- DVD player
- VHS player
- Microphone and amplifier

When booking a meeting room, please specify your audiovisual needs – the equipment will be provided.

On weekdays, our catering service will lay out a well-stocked buffet lunch table for your guests. After 2 PM, the dining area becomes a refreshment break area. Here you can order coffee, pastries or "small and salty" treats. Alternatively, more substantial snacks can be brought to the meeting rooms.

### After a day's meetings, Sokos Hotel Presidentti has what your guests need to unwind

The Pub Adjutantti, situated in the hotel lobby, is the ideal place to launch evening festivities. Small groups can enjoy the tapas and grilled food served up in the Sevilla restaurant. The dining needs of larger groups can be met in the catered rooms — you can reserve the Presidentti dining room, the comfortable Sylvi dining room, or both.

Later in the evening, the day is made complete by unwinding in the night club Pressa. You can reserve it for an evening private function attended by up to 800 people. At night's end, nothing feels better than slipping between cool sheets in one of our 494 comfortable rooms, 35 of the "superior" category. Five suites are equipped with a sauna.
